

HOT JOB OF THE WEEK

Construction Manager

Department of the Navy

Headquartered in Norfolk, Va., we fully support the mission of Commander, Navy Region Mid-Atlantic (CNRMA), Commander, Navy Installations Command (CNIC), Headquarters U.S. Marine Corps (HQUSMC), and Marine Corps Installations East (MCI-E) to enable and enhance Navy and Marine Corps combat power by providing the most effective, efficient and cost-wise shore services and support.

USAjobs.gov control number: 1394375

In your position as Construction Manager you will:

- Manage complex capital improvement projects requiring oversight, coordination, guidance and pre- and post-award construction engineering services needed to develop and execute facility and utility requirement plans for the assigned area for special projects, military construction (MILCON), demolitions, maintenance, space utilization and facilities development related to a specific functional area.
- Perform technical construction management for in-house, design-build (DB), and design-bid-build (DBB) designs.
- Review projects to determine the most appropriate, energy efficient and economical systems to meet the functional requirements of the facility.

Requirements:

- You must be a United States Citizen or National.
- Must have completed a Bachelor's degree and a Master's degree in a field of study related to engineering or technology.
- Must be currently registered as a professional engineer by any state, the District of Columbia, Guam or Puerto Rico having successfully passed the Engineer-in-Training (EIT) examination.
